

# Collectables

## Rosé Pinot Noir 2019, Marlborough NZ

### WINEMAKER'S COMMENT

Collectables Rosé is made with free-run juice from Pinot Noir grapes. Aromatic and fragrant with strawberry, cherry and delicate floral notes. A medium bodied wine with a soft texture and fresh acidity.

### VINEYARD

*Certified Organic by BioGro New Zealand.*

Located in Marlborough premium Rapaura sub region our commitment to organics allow the vineyard unique characters to be expressed due to less outside influences such as sprays and fertilizers. Depth of flavour and mouthfeel has improved as the vines become more self-sufficient and naturally balanced.

### HARVEST & WINEMAKING

Handpicked from our premium Pinot Noir vineyard, the grapes are crushed and the juice is allowed to stay in contact with the skins for a short period of time. After a little colour has been extracted from the skin the juice is drained off and moved to a tank for cold fermentation.

### ANALYSIS

total acidity	13.0%
alcohol	6.1 g/l
residual sugar	1.0 g/l
